

## Ring-Out

What is ring-out? This is totally separate from the recharter process. I need a copy of your Unit's roster (listing all youth that are participating in your Unit "First & Last name, phone #'s & addresses if possible). I am not asking for the Council printed roster. This roster should be one that you use to keep up with the boys in your unit. I know that you may have to contact Den Leaders or Patrol Leaders to gather this information.

### WHY ARE WE DOING THIS TEDIOUS PROCESS

1. To be sure that every boy that is receiving the Scouting program is a registered member.
2. To be sure that all youth are covered under the insurance plan.
3. To be sure that all boys are receiving the proper credit towards advancement.
4. To be sure that the Texoma Valley District receives Quality District for participating youth.
5. To be sure that your local Unit rosters match up with District & Council rosters.

### To Sum it up

Youth Applications may get lost in the mail, misplaced, or never get turned in. This process allows the district to find these youth and properly register them. All Units must go through this process, so help us by sending your roster today.
